On the next page of this document you can find a rough breakdown of our monthly expenses.

Thank you for considering partnering with us and sowing into Israel.

Monthly Operational Costs:

Home & Ministry Base Rent: \$2,329

(Used as office space & community gatherings)

- The average current price for a small, one bedroom apartment in Jerusalem is \$2,000. We use our rental as our office space where we produce all our online outreach content as well as hosting community gatherings.

Property tax: \$300

- In Israel every apartment comes with property tax (Arnona)

Vehicle + Transportation: \$600

- There is 100% tax on vehicles in Israel making it extremely expensive. We've purchased a car and have the expenses of fuel & insurance.

Subscriptions & Wifi: \$150

- We use various softwares that run on a subscription format to produce our faith-based content.

Total Monthly Operational Costs: \$3,379

General Operational Costs:

- Food for community gatherings & young adult events
- Office Supplies
- Equipment (SD cards, hard drives, camera equipment)
- Furnishings (we are currently looking to purchase additional seating for our community gatherings as well as music equipment for worship)

General Operational Cost Monthly Estimate: \$400

TOTAL MONTHLY OPERATIONAL COSTS: \$3,779

Monthly Occupational Costs:

Groceries: \$1,000

Tithe (Give 10% of our total income and factor this into our budget)

TOTAL MONTHLY OCCUPATIONAL COSTS: \$2,039

As you can see, our goal of \$5,600 is a minimum starting point to cover our operational & occupational costs.

Our minimum monthly costs are just under \$5,000 not including our general expenses such as office supplies, clothing, food for community events, personal care etc

Your monthly support or one time donation helps us continue to invest our time and resources into the work of the Lord here in Israel.

Thank you for sowing into the younger generation and for standing with Israel.
