Yanai and Liat are a couple serving together in ministry in the Land of Israel, passionate about sharing God's heart for Israel and the Jewish people.

Liat Whelan was born and raised in a Messianic, Jewish home in Israel. It quickly became evident how great a need it was to advocate for Israel in the midst of vastly biased media. Liat combined her media training with her passion to share biblical truths and encourage the believers in the Nations to understand and embrace God's heart for His people, Israel.

Yanai Whelan was born and raised in Calgary, Alberta into a believing home. Despite not having any Jewish influence and never having visited Israel, God placed a supernatural desire on his heart to learn Hebrew while feeling a deep sense of calling to one day live in the Land of Israel.

Today, Yanai and Liat live in Israel and run Light to the Nations Ministries, helping to encourage the younger generation in their faith and connecting others to the Jewish Roots of our faith in our Messiah, Yeshua.

## Israel at War

A WORD FROM LIAT AND YANAI

Israel is currently facing the most tragic and horrific attack since the Holocaust with over 1,400 Israelis murdered, more than 5,400 wounded and 230+ babies, women, men and elderly abducted from their homes and currently being held captive in Gaza.

This is an ongoing war with Gaza firing in thousands of rockets into Israel in an attempt to destroy the people of Israel.

Our friends and family are serving in the army defending our country and preserving life. We know this is not a purely physical or political battle, this is a spiritual battle that has been present since the beginning that is now operating through Hamas.

We have seen this happen time and time again through Haman in the bible, through Hitler during the Holocaust and many other antisemites that have risen up to attempt to destroy the people of God.

We know biblically that God has a forever covenant with the Jewish people and He has declared that Israel is the apple of His eye. This is the reason that the enemy has a target on Israel's back.

During the Holocaust and many other times in history we have wondered "*where are those who are willing to stand with us against this evil?*" Some faithful believers did, and sadly most remained silent. We are seeing this danger today with the pro-hamas protests occurring throughout Canada.

The body of believers around the world have a mandate from God to take a stand for Israel and not remain silent. "I will bless those who bless you, And I will curse him who curses you;.." (Genesis

12:3)

We feel called to stand in the gap for Israel during this time and bring this message to the Nations, sharing what is really going in the Land, our personal experience during the war and God's heart during these difficult times.

Thank you for taking a stand with us and praying for the peace of Jerusalem.

Shalom and blessings,

Liat and Yanai
